Reference: Lord-Shope RD/RA Monthly Progress Report

Dear Mr. Turner:

Lord is hereby submitting five copies of the monthly progress report for March 1994.

The following work was conducted during this period:

**REMEDIAL DESIGN/REMEDIAL ACTION**

Lord did receive comments on the RD on February 18, 1994. Additional comments regarding Wetlands will be submitted to Lord by USEPA and DOI in late February. Lord and their consultant, Eckenfelder Inc., are in the process of reviewing these comments and making the necessary modifications. A conference call with USEPA is planned to discuss specific issues when all of the official comments have been received. Revisions will be made to the RD and a Final RD will subsequently be submitted to USEPA.

**MISCELLANEOUS:**

The monthly inspection was performed and the site is in good condition.

As reported earlier, Lord has now received a response from Over Lake regarding our offer for a proposed agreement for access during the construction phase of the Remedial Action. Over Lake did not respond directly to our access offer, but Over Lake did make a series of proposals. Lord attorneys are proceeding with the negotiations.

Lord may need USEPA assistance to obtain access if this matter is not resolved before USEPA approves the RD. As noted, Lord has previously submitted a request for extension of the existing access proposal to Over Lake in order to facilitate completion of the RA.

A Public Meeting will be held; Lord and their consultant, Eckenfelder, Inc., will be requested to participate. Details will follow from USEPA.

Yours truly,

LORD CORPORATION
